Experience highlights:

- Project monitoring lead for the provision of restructuring and NPL advisory services to a large haulage and logistics business in Nairobi Kenya with debts of over \$300m.
- Restructuring a mid-size haulage and logistics business in Nairobi Kenya with debts of over \$40m. Arranged for refinancing for the business and a scheme of arrangement with creditors across multiple banks, resulting in rationalisation of the business and successful continuation as a going concern.
- Lead finance resource in modelling a £100m brewing factory project in Western Kenya. Successful modelling and appraisal on project delivery performance, process capacity, reliability degradations after commissioning and return on investment.
- Managed post-merger integration reviews at Diageo India supply sites. This resulted in quantification of the potential post-merger gains from incremental explicit collusion by subsets of firms in the post-merger environment.
- Extensive strategy review of a mid-size SACCO with asset base of \$10m in Nairobi Kenya. The review outputs led to the reorganisation of business activities. This business has emerged successfully from insolvency.
